

February 25, 2015

Ministry of Agrarian Affairs and Spatial Planning / BPN - RI  
Singamangaraja road No. 2, Kebayoran Baru, Jakarta 12110,  
Post Box No. 1403 / Jks. Jakarta 12014

Honorable Minister Musyidan Baldan –

Shortly before you were appointed to your post, Sandabi Indah Lestari (PT SIL) was granted a license to operate in Seluma District, Bengkulu, where it had been operating without proper permits for two years. PT SIL stands accused of displacing more than 400 families and destroying their homes, draining peatlands, and instigating conflicts in the community. PT SIL sells its palm oil on the global market through traders, including Wilmar International; as international consumers of products that may include palm oil, we respectfully ask that you do everything in your power to prevent the sale of palm oil produced from processes that harm people and the environment, and make corrections to the issuance of the palm oil concessions of PT SIL.

Given these abuses, we also ask Wilmar International to review the case and cancel any business agreement with PT SIL as long as the company continues to violate Wilmar's No Deforestation, No Peat, No Exploitation policy.

Thank you very much,

Jeff Conant, Friends of the Earth United States, and the following signatories:
